

CAMPUS SERVICES GUIDE

University Library

The university library provides access to thousands of books, research journals, and digital resources. Students can borrow up to ten books at a time.

Library Hours

The library is open Monday through Friday from 8:00 AM to 10:00 PM. On weekends, the library operates from 10:00 AM to 6:00 PM.

Students must present their university ID card to check out books or reserve study rooms.

Information Technology Services

The IT department provides technical support for students and staff. Services include password resets, Wi-Fi troubleshooting, and access to university software.

Students can contact IT support through the helpdesk portal or by visiting the IT service desk located in the main administration building.

Health and Wellness Center

The university health center offers basic medical care, counseling services, and mental health support for students.

Appointments can be scheduled online or by visiting the health center reception desk.

Career Services

The career services office helps students prepare for internships and job opportunities. Services include resume workshops, mock interviews, and career counseling sessions.

Students can book appointments with career advisors through the university career portal.
